The higher than usual profile for 2022/23 is a result of COVID-19 causing delays in previous years. Much of this delayed work is 1 already scoped and ready for delivery, meaning there is potential to deliver those alongside work initially planned for 2022/23, as these now require less input from the team, this will allow multiple schemes to be delivered on the ground at the same time to catch-up with the delayed work, there may still be a requirement to re-profiling some of this budget across future years. This will be reported as part

Extra Care Housing / Accommodation with Care & Support- available for new schemes	2,652	(2,119)	0	0	533	639	106			106	3,151	0	0	0	0	3,684	Financed by grant and borrowing. Small acceleration of budget required from 2022/23 2022/23 profiling to be reviewed. Some of the expenditure currently profiled to be spent in 2022/23 is subject to further scheme development work and may require re-profiling across future years. This will be reported as part of Q1 monitoring.
Reprovision of Cavendish House respite facility	495	0	0	0	495	0	(495)	(495)			0	0	0	0	0	495	Financed by borrowing. No further work is required and the remaining budget is no longer required. The approved Prudential Borrowing will be added to the existing approved, but unallocated, Prudential Borrowing balance for re-allocation to future capital programme schemes
Chronically Sick and Disabled Persons Adaptations	250	50	0	2,201	2,501	2,665	164			164	3,244	250	250	250	250	6,745	Financed by borrowing and capital receipts, the budget is for adaptations to private dwellings. Expenditure is demand led and has been higher than the approved budget due to a combination of increased demand and unit costs. This is being reviewed to identify whether this will be replicated in future years. Any impact on the future years budget will be reported as part of Q1 monitoring. Community Equipment provided by Cumbria Care's Community Equipment Service previously reported as revenue expenditure has also been added to this budget as part of the outturn. This will be financed by existing approved, but previously unallocated, Prudential Borrowing
Cumbria Care Residential	2,000	(1,000)	0	0	1,000	26	(974)		(974)		5,000	2,000	2,000	2,000	0	12,000	Financed by borrowing. The slippage reflects a delay in works at Eskdale House and Parkside care homes. Work has commenced on these schemes, but this was later than had been anticipated at Q3 due to the impact of COVID19 and the homes being in lockdown conditions, delays have been reprogrammed with the service and new completion dates agreed 2022/23 profiling is to be reviewed. Some of the budget is committed to approved scheme, but the remaining budget is subject to further scheme development work and may require re-profiling across future years. The capital programme team are supporting Cumbria Care to develop/review scheme options. The impact of this work on the budget profile will be reported as part of the Q1monitoring.

Total ITB schemes Highways & Transport - Principal Road Network (PRN) Schemes	975 7,261	237 763	0	115	1,327 8,024	1,348 7,120		(0)	(86)	107	7,261	7,261		590 4,165	590 4,165		Financed by grant. The Q3 report noted potential for further slippage on internal schemes if the team needed to respond to sever weather / storm works during Q4, as emergency situations such as this requires resources to be deployed as a priority instead of delivering previously programmed works. This was the case and is the reason for most of the increased the slippage being reported. The delayed work will be completed early in 2022/23 with some of that work having already been completed in April.

This was the case and is the reason for most of the increased the slippage being reported. The delayed work will be completed early in 2022/23 with some of that work having already been completed in April The impact of this on the delivery of already scheduled work for 2022/23 will be reviewed and reported as part of the Q1 budget monitoring report
Local Committee Schemes:																	Figure 2 has good to 2 report noted notestial for further alignous an internal
Devolved to Local Committees - Non-Principal Road Network (NPRN)	13,918	1,382	0	0	15,300	14,892	(408)		(408)		13,918	13,918	13,918	13,918	13,918	84,890	Financed by grant. The Q3 report noted potential for further slippage on internal schemes if the team needed to respond to sever weather / storm works during Q4, as emergency situations such as this requires resources to be deployed as a priority instead of delivering previously programmed works. This was the case and is the reason for most of the increased the slippage being reported. The delayed work will be completed early in 2022/23 with some of that work having already been completed in April. The impact of this on the delivery of already scheduled work for 2022/23 will be reviewed and reported as part of the Q1 budget monitoring report.
Additional Pot Hole Action funding	10,219	1,561	0	0	11,780	11,470	(310)		(310)		10,219	10,219	10,219	0	0	42,437	Financed by grant. The Q3 report noted potential for further slippage on internal schemes if the team needed to respond to sever weather / storm works during Q4, as emergency situations such as this requires resources to be deployed as a priority instead of delivering previously programmed works. This was the case and is the reason for most of the increased the slippage being reported. The delayed work will be completed early in 2022/23 with some of that work having already been completed in April The impact of this on the delivery of already scheduled work for 2022/23 will be reviewed and reported as part of the Q1 budget monitoring report
Highways Incentive Fund - Strategic Asset Maintenance Fund	155	725	0	0	880	772	(108)		(108)		0	0	0	0	0	880	Financed by grant. Slippage was reported at Q3. The final position shows some recovery of the budgeted profile of expenditure since Q3 but still requires some slippage to 2022/23 to allow the on-going defects process to be finalised.
Other																	
DfT funded Flood Recovery Scheme - Challenge Fund	2,165	2,385	0	0	4,550	2,608	(1,942)		(1,942)		0	0	0	0	0	4,550	Financed by a grant. Slippage was reported at Q3. Final position shows some recovery of the profiled budget position, but still requires some slippage. Schemes are planned for delivery in 2022/23.
Total Transport Block funding Other Highways Schemes	38,699	7,829	0	115	46,643	42,005	(4,638)	(0)	(4,744)	107	35,994	35,994	35,994	20,966	20,966	196,557	
Carlisle Southern Link Road (CSLR)	20,804	(8,619)	0	0	12,185	10,643	(1,542)		(1,542)		67,020	51,381	5,978	984	0		Financed by grant and borrowing. Slippage is the result of statutory diversion works being re-schedule to 2022/23, to allow additional time to undertake the required processes with landowners which has taken longer than originally anticipated at Q3 2022/23 profiling is to be reviewed and will be reported as part of Q1 monitoring.
Penrith Junction Improvements	150	(30)	0	0	120	92	(28)		(28)		30	0	0	0	0	150	Financed by external Contribution. Minor slippage not reported at Q3, works are substantially complete and slippage relates to some small final elements only
Active Travel Fund Barrow	638	(11)	0	0	627	182	(445)		(445)		4,752	0	0	0	0	5,379	Financed by grant. Slippage was not reported at Q3 and is the result of contractor resource delays which were only identified in January 22. Works now scheduled for in 2022/23
Barrow Town Deal - Cycling and Walking Barrow Levelling Up Fund (LUF)	0		0	0	0	0			0		3,700 200		0	0	0	3,700	N/A N/A
National Productivity Investment Fund	0	26	0	0	26	7	(19)		(19)		0	0	0	0	0		Financed by grant. Slippage was reported at Q3 due to finalisation of snagging and defects for Siddick Bridge requiring a response from Network Rail before progressing, that had taken longer than anticipated when the budgeted profile was approved
DfT funded Flood Recovery Scheme	5,628	(1,128)	0	0	4,500	2,800	(1,700)		(1,700)		1,657	0	0	0	0	6,157	Financed by grant. Slippage was reported at Q3, when the position in relation to Gooseholme footbridge in Kendal was reported. This scheme was delayed as a result of a statutory utility provider encountering supply issues delaying ability to progress on site. This situation has continued to delay the scheme through Q4 and has resulted in an increase to the slippage previous reported.

APPENDIX 4 - Capital Programme			Outtu	ırn Changes	1												
Capital schemes	2021/22 Capital Programme Per Approved Budget February 2020	Changes between February 2021 and Q3	Virements Outturn	Grant / Finance Changes Outturn	Revised Budget 2021/22	Outturn as at 31st March 2022	Variance to Budget	Over / (Under) Spends	Slippage	Accelerated Expenditure	2022/23	2023/24	2024/25	2025/26	2026/27	Total	Comments
Whitehaven North Shore Access (NPIF/BEC)	0	55	C	(13)	42	42	0	0			0	0	0	O	0	42	Financed by grant. Forecast underspend due to construction works being completed under budget. This has resulted in a reduction to the external funding for the scheme and the budget has been adjusted to reflect this.
Live Labs Project	662	182	C	0	844	678	(166)		(166)		100	0	0	C	0	944	Financed by grant. Works have now been complete as expected. This has been delivered slightly underbudget and slightly under what was projected at Q3. The 4 external grant funding provider has approved the use of the remaining budget for future years testing/monitoring of the trial sites, to strengthen the final outcomes of this trial.
Windermere Ferry re-fit	0	3	C	0	3	0	(3)	(3)			0	0	0	O	0	;	Financed by borrowing. Only a nominal budget remains as a result of a small underspend being carried over from previous years. The budget is not required and will be removed from the Capital Programme. The approved Prudential Borrowing will be added to the existing approved, but unallocated, Prudential Borrowing balance for re-allocation to future capital programme schemes
Windermere Ferry replacement	0	100	C	0	100				(27)		5,007	1,000	0	0	0		2021/22 financed by revenue contribution, with future years financed from borrowing. Minor slippage not reported at Q3. The exact profiling of spend was not certain at Q3, but the remaining budget is still required to continue with the procurement, design and build of the replacement ferry.
Street Lighting	0	201	C	0	201	201	(0)	(0)			0	0	0	0	0	20	1 N/A
Lead Local Flood Authority	500	2,672	C	0	3,172	1,254	(1,918)		(1,918)		300	0	0	C	0	3,472	Financed by grant. As reported at Q3, there was potential for delay on some large schemes. This is due to the complex nature of the permissions needed from landowners impacted by the improvement works. This process can take a significant amount of time and it is difficult to predict exactly how long it will take, there is therefore always an element of uncertainty regarding the profile of spend. Although this process has taken longer than anticipated at Q3, resulting in additional slippage, a conclusion is being reached and work is expected to progress in Q1/Q2 2022/23
Highways Fleet Replacement	0	2,075	C	0	2,075	602	(1,473)		(1,473)		0	875	0	O	0	2,950	Mainly financed by borrowing (with some revenue contribution). Slippage was reported at Q3. The current fleet within Highways consists of aging stock, which in the main is over 10 years old. The intention has been to replace these vehicles over a number of years. Orders have been placed (in some cases over a year ago) but due to the various challenges, Covid, relay production and now wiring loom production issues due to the war in the Ukraine, delivery of these vehicles continues to be effected. Some major manufacturers in this field have already indicated that their order books are now closed until 2025. Every attempt is being made to resolve these issues and secure delivery of our much needed new fleet. The impact on service delivery and revenue budgets can be managed over this short-term period.
SEND Fleet Vehicles	1,036	184	C	0	1,220	0	(1,220)		(1,220)		0	0	0	O	0	1,220	Financed by revenue contribution. Slippage was reported at Q3. The delay is due to supply chain issues outside the Councils control. Alternative provision has been made available over the short-term, which has ensured the service continues to 0 be delivered. This position will continue to be monitored and managed until the additional vehicles are received. Procurement will continue in to 2022/23 alongside spot purchase of appropriate SEND vehicles as they become available in the supply chain (following market research and visits to confirm suitability)
A592/A684 Road Safety Foundation Schemes	4,526	(2,090)	C	0	2,436	841	(1,595)		(1,595)		6,147	0	0	o	0	8,583	Financed by a grant. Slippage was reported at Q3, but the final slippage is higher than was anticipated at that time. Several A684 work packages were delayed and were not complete by year end and design work was delayed on the A592 road safety barriers package which will result in budget slippage into 2022/23 3 2022/23 profiling is to be reviewed in conjunction with the design work being finalised for the A592. Works on this road is impacted by a working window restriction caused by winter weather and school holiday periods, as well as some of the work potentially being labour intensive due to the heritage nature of the landscape setting. Once this review has been undertaken, any impact of the budgeted expenditure profile will be reported as part of the Q1 monitoring.
A595 Bothel	4,550	(3,350)	C	0	1,200	1,581	381			381	4,001	0	0	O	0	5,20	Financed by grant. There is a small overspend not reported at Q3. This is due to delivery of the Torpenhow junction 'design' being accelerated into Q4.,This has been approved as part of a change control with the grant funder. This has resulted in budget being accelerated from 2022/23
A595 Grizebeck	831	64	C	0	895	1,063	168			168	2,628	0	0	O	0	3,523	Financed by grant. There is a small overspend not reported at Q3. This is as a result of additional work being undertaken during Q4 to prepare scheme for planning submission and design / build tender.2022/23 budget to be accelerated to finance this overspend.

Capital schemes	2021/22 Capital Programme Per Approved Budget February 2020	Changes between February 2021 and Q3	Virements Outturn	Grant / Finance Changes Outturn	Revised Budget 2021/22	Outturn as at 31st March 2022	Variance to Budget	Over / (Under) Spends	Slippage	Accelerated Expenditure	2022/23	2023/24	2024/25	2025/26	2026/27	Total	Comments
Carlisle Future High Streets Fund (FHSF)	0	100	0	0	100	12	(88)		(88)		1,860	1,303	3 0	0	0	3,263	Financed by grant. Slippage was reported at Q3 to reflect the delay in securing a Grant Funding Agreement (GFA) with Carlisle City Council. This was delayed due to resources availability. Scheme delivery is now programmed to commence in 2022/23 and will delay completion by approximately 3 months. There is sufficient float within the programme to accommodate these changes
Kendal Northern Access Route (KNAR)	0	209	0	0	209	80	(129)		(129))	300	0	0	0	0	509	Financed by grant. Slippage was reported at Q3 due to delay in project commencement. The revised programme demonstrates that key programme deadlines can still be achieved and some of the spend profile has been recovered since Q3, but some slippage is still required
Environment Fund	0	379	0	0	379	0	(379)		(379)		0	0	0	0	0	379	Financed by grant and revenue contribution. Slippage is in-line with Q3 report. Tree planting in Barrow is currently out to tender for contractors. The time scale for completion of work was not known when the budget was set and so this was all budgeted for 21/22, it is now expected that a realistic time for work to be complete is May 2022. The budget will be slipped to 22/23 to reflect this
Carlisle Station Gateway	800	(450)	0	0	350	343	(7)		(7))	3,506	4,200	2,501	2,715	0	13,272	Financed by grant and borrowing. Very minor slippage in spend profile not reported at Q3

sites	54	(14)	0	0	40	21	(13)		(13)	1	62	. 0	,	0	U		2022/23 to conclude closed landfill sites work. Financed by borrowing, grant and revenue contribution. Some slippage was
Land/Port/Waste Statutory Standards	3,255	(2,045)	0	0	1,210	915	(295)		(295)		4,660	1,800	1,800	1,000	1,000	11.470	reported at Q3 as a result of resource availability. This position was based on an estimate as the exact spend was not known. The outturn slippage is higher than had been forecast due to a delay in the delivery programme. The exact spend achievable in 21/22 was estimated at Q3 with the final position being slightly different resulting in slippage into 2022/23.
TOTAL FOR EVIRONMENT OTHER	3,309	(2,059)	0	0	1,250	942	(308)	0	(308)	0	4,722	1,800	1,800	1,000	1,000	11,572	
Property Corporate Property Planned Maintenance and improvement	5,500	(500)	0	0	5,000	3,468	(1,532)		(1,532)		4,575	3,000	3,000	3,000	3,000	21,575	Financed by borrowing. Slippage was reported at Q3, but the final position shows an increase in that slippage. This is due to care homes being in and out of outbreak lockdown procedure, which means the Council has been unable to progress with any significant internal work, such as re-wiring and re-heating programmes.

T ENDIX 4 - Capital Frogramme			Outtu	rn Changes	1												
Capital schemes	2021/22 Capital Programme Per Approved Budget February 2020	Changes between February 2021 and Q3	Virements Outturn	Grant / Finance Changes Outturn	Revised Budget 2021/22	Outturn as at 31st March 2022	Variance to Budget	Over / (Under) Spends	Slippage	Accelerated Expenditure	2022/23	2023/24	2024/25	2025/26	2026/27	Total	Comments
County Hall Car Park	0	36	0	0	36	0	(36)		(36)		0	0	0	0	0	36	Financed by revenue contribution. Slippage was not reported at Q3, as it was expected all remaining work would be complete. The remaining budget will remain in place to resolve remaining minor issues on this scheme. This will be resolved in 2022/23 when it is expected work with contractor will be finalised.
Area Planning/Whitehaven Library/Barrow Library	1,767	(767)	0	0	1,000	277	(723)		(723)		767	0	0	0	0		Financed by borrowing. Slippage was reported at Q3, but the final position shows a very minor increase in that slippage. This slippage is as a result of the cancellation of the Whitehaven Library/Archives project. Options are still being considered as to the future of Area Planning projects in Whitehaven
DSG Funded CMF - Contributions to Schools	1,000	258	0	0	1,258	944	(314)		(314)		0	0	0	0	0	1,258	Financed by revenue contribution. Budget is used for reactive work that emerged during the year. During 2021/22 there was less unanticipated spend than previously forecast. Remaining budget to be slipped to 2022/23 to be used to support SEN adaptations in schools
																	Financed by borrowing. Slippage was reported at Q3 and is due to ongoing assessment of Corporate Properties and the impact of LGR. The Coroners replacement has been delayed due to changes in scope and ongoing discussions with the service.
Modernising the Estate	3,000	(1,000)	0	0	2,000	100	(1,900)		(1,900)		3,000	2,000	2,000	2,000	2,000		2022/23 profiling is to be reviewed. Some of the budget currently profiled for spend in 2022/23 is subject to further scheme development work and may require re-profiling across future years. This will be reported as part of Q1 monitoring.
Demolitions	0	339	0	0	339	339	(0)	(0)			0	0	0	0	0	339	N/A
Electric Vehicle Charging Points	0	181	0	0	181	28	`	(-)	(153)		0	0	0	0	0	181	Financed by revenue contribution. Slippage was not expected at Q3. Completion of the scheme has been delayed and the unspent budget is committed to expenditure that will be incurred in early 2022/23.
Applethwaite Green Car Park, Windermere	0	150	0	0	150	0	(150)		(150)		200	0	0	0	0		Financed by revenue contribution. Slippage was not expected at Q3. The scheme requires planning and the process has taken longer than anticipated. Planned delivery is now scheduled for 2022/23.
Strategic Acquisition and Investment Fund	1,000		0	0	1,105		(469)		(469)		2,000	1,000	1,000	0	0	5,105	2022/23 profiling is to be reviewed. Some of the budget currently profiled for spend in 2022/23 is subject to further scheme development work and may require re-profiling across future years. This will be reported as part of Q1 monitoring.
