To whom it may concern,

I run a business on Portland Walk so consider myself a stakeholder in this proposal.

I would very much welcome the introduction of a no parking zone in the area behind my shop. Cars parking in this area are a constant problem for us, preventing deliveries and refuse collection.

I would though point out that cars are likely to park in the loading bays, again causing issues.

As I am contacting you on this issue I would like to take the opportunity to ask a question regarding this area.

My shop on Portland walk has a warehouse upstairs which we use to supply our other shops from. This means we have a van at the back of the shop for large parts of the day being loaded and unloaded or even waiting to be loaded. Would these new restrictions result in us receiving a parking fine?

Best regards,
