Decision/Policy/Service/Function

Fees and Charges Policy 2023-24 – Westmorland and Furness Unitary Authority

Background and summary of Equality Advice

The Council's Fees and Charges Schedules are approved annually as part of the budget setting process.

Harmonisation

Westmorland and Furness Shadow Authority agreed, in November 2022, a principles paper setting out the harmonisation proposals for the three sovereign district councils.

Inflationary Uplift

Where fees and charges are discretionary then a proposed 10% inflationary uplift will be applied unless there is a clear reason or obligation to apply a different increase. This uplift will be to the fees that have been harmonised or to the 2022/23 sovereign fee where there has been no harmonisation.

Proposals to change the decision/policy/service/function

The proposals are outlined in the Fees and Charges Policy 2023-24 at Appendix C of the Cabinet Paper

Feedback from Members and Officers during the consultation stage has been considered. Where exceptions to the proposals have been identified due to service requirements or impact on customers, adjustments have been made to the fees and charges schedules, including the continuation of appropriate concessions and differences to inflationary uplifts.

General	Unknown	Due to changes in service delivery following vesting day and move to the new unitary authorities, impacts may be unknown at present.	The Fees and Charges Policy includes the following measures: <ul style="list-style-type: none"> • Section 6.6 – The Budget Report where the annual charges are agreed, will seek to delegate authority to approve any amendments (from the levels set within the Budget Report), up to a maximum of a 10% increase/decrease for any individual fee or a maximum of £50 increase/decrease, to the Section 151 Officer. Any proposed changes outside of these thresholds should be approved by Executive. In year revised charges should be reviewed in the next budget planning cycle. • Section 6.7 - Consideration should be given, and advice sought where required, in relation to the need for an Equality Impact Assessment for any significant changes to existing fees and charges or the introduction of new fees and charges. 	Yes – It is recommended that a Full EqIA is carried out after 6 months to inform future budgets and the Mid-Term Financial Plan. This should review data on protected characteristic of service users, take up of concessions and complaints. Consideration should be given to how information on new fees and charges can be communicated to households and businesses in different formats. This should include how to access concessions or welfare support and
	Yes – neutral	Impacts of harmonisation - Households may pay more or less than prior to 1 April 2023, depending on how fees and charges have been harmonised.		
	Yes – negative	General impact of 10% inflationary increase on fees and charges, increasing costs on households. The government is increasing benefits by 10.1% in line with inflation, measured by the September (CPI) Consumer Price Index ¹ , however specific groups are more likely to be affected by increases in the

Council Tax Harmonisation and annual Council Tax increase

Background and summary of Equality Advice

As part of the annual budget setting process and in line with Government funding assumptions, Westmorland and Furness Council are proposing to harmonise the Council Tax across all sovereign councils and apply a 2.99% general increase in Council Tax and a 2% Adult Social Care precept for 2023/24.

This will ensure that the Council is able to continue to support the most vulnerable in our communities and provide the services everyone in the community uses.

Proposals to change the decision/policy/service/function
